ELECTRIC POWER TUG

APPLICATION

The Alluserv electric power tug will increase productivity as well as reduce injury from pushing and pulling heavy objects.

CONSTRUCTION

The power tug is ergonomically designed to easily transport loaded carts. This motorized tow vehicle can pull up to 1500 lbs. in a safe and efficient manner with little effort. The tug is powered by two 22 Amp/Hr AGM batteries, with a 24 VAC DC transaxle drive motor and comes with a 120 VAC charging cord. Multiple carts or equipment can be linked together with tow hitches and universal hitch receiver tubes.

Standard Features and Benefits

- Reduces risk of injuries.
- Increases productivity.
- Tows up to 1500 lbs.
- Can tow multiple carts with the use of hitches and universal hitch receiver tubes

Warranty

- Two years parts and one year labor
