- Detailed instructions and specification on cleaning and application to best maintain your equipment
- A national service network and service manuals for our extensive product offering.

FLAT TRAY DRYING RACKS

APPLICATION

The Alluserv Flat Tray Drying Rack can support any tray line layout. These drying racks are designed to provide a convenient and organized method of drying and storing trays for meal assembly. The Flat Tray Drying Rack accommodates 14"x18", 15"x20", 16"x22" trays, as well as room service tray sizes.

CONSTRUCTION

This Alluserv drying rack is designed with four heavy-duty stainless steel shelves on a 14-gauge stainless steel frame. This design provides the most air flow and ventilation to dry your trays in a timely manner. Rack includes 12 stainless steel removable tray holder sections that hold 7 trays each. The unit maneuvers easily on four 5" diameter swivel casters with non-marking cushion tread, two with brakes.

Warranty

- Two years parts and one year labor
